### Including Terms and Conditions of Hire

It is the responsibility of the person who is hiring this inflatable to ensure that all possible steps are taken to avoid injury or damage to the Inflatable. Please ensure that the following Safety Instructions are followed:

- A. This unit has an age limit of 12 years (unless an adult castle has been hired). Please ensure no one over this age uses the equipment.
- B. No adults are to use this Inflatable unless an adult castle has been hired and is so stated elsewhere.
- C. No food or drinks or chewing gum to be allowed on or near the Inflatable. This will avoid choking and mess (Please note if the Inflatable is collected in a dirty condition then the person hiring it will incur a cleaning charge of £25)
- D. All shoes, glasses, jewellery and badges MUST be removed before using this Inflatable.
- E. No face paints, party poppers, coloured streamers or silly string to be used either on or near the Inflatable.
- F. No smoking or barbeques near the Inflatable.
- G. Climbing, hanging or sitting on walls is DANGEROUS and must NOT be allowed.
- H. A responsible Adult must supervise the Inflatable at all times.
- I. Always ensure that the Inflatable is not overcrowded, and limit numbers according to the age and size of children/adults especially if an adult castle is hired. Try to avoid large and small children/adults if hired an adult castle from using it at the same time.
- J. Ensure that children/adults if hired an adult castle, are not pushing, colliding, fighting or behaving in a manner likely to injure or cause distress to others.
- K. No pets, toys or sharp instruments are allowed on or near the Inflatable.
- L. Do not allow anyone to bounce on the front safety step as a child/adult could easily bounce off the inflatable and get hurt. The step is there to assist users in getting on or off!
- M. Ensure that no-one with a history of back or neck problems is allowed on the Inflatable or any child/adult if hired an adult castle, who is feeling unwell.
- N. Do not allow anyone to be on the Inflatable during inflation or deflation as this is DANGEROUS.
- O. Ensure that Children are not attempting somersaults and are clothed appropriately and that nothing can fall out of their pockets.
- P. Ensure that an area of 3 feet (1 meter) around the unit is completely clear.
- Q. The Inflatable should not be used if it becomes wet on the jumping area.
- R. In the event of heavy rain, it is strongly recommended that the Inflatable is switched off. Any wetness, including bubbling (which is normal) can be dried with a towel.
- S. In the event that the blower stops working, please ensure all users get off the inflatable immediately. The blower should be connected to a RCD device at the power point, try pressing this to reset it, also check the fuses and make sure the blower tube or deflation tube has not come undone or something has not blown onto and is obstructing the blower. In the event that it overheats, or loses power, switch the blower off at the mains, then switch it back on again 1 or 2 minutes later, and it should restart. If it does not, inform Knights Castles / Leap & Jump straight away on 07515 284 930.
- T. If you would like to hire the bouncy castle for a longer period of time then this is possible by calling us on the telephone numbers below at least one hour before the end of the time originally booked. This extra time will be charged at £10.00 (ten pounds) per hour Subject to availability.
- U. Please note that all persons using this Inflatable do so at their own risk. The person/s or organization hiring this Inflatable equipment will be responsible / liable for any damage or injury occurring from or as a result of misuse or reckless use.
